He was the turning point, when the communists started to come out into the open from behind the veil. Time to provide them with chopper rides to hell...

1 On youtube, look up PT News Network. At the last kerfuffle they had several livestreamers they were flipping through, depending where the action was. Not sure if they're doing the same this time.

1 Dude the Police will probably mass arrest them before the night falls.

Antifa attacking Rand Paul steps from White House? Police: "Can't help you whitey. Beat dat cracka"

6 Anyone else find these marches super heartwarming after seeing almost a year of nothing but antifa faggots unopposed?

How surprising. When antifa terrorists don't outnumber 500-1 suddenly the Police step in.

Had a nice chat with a Proud Boy waiting in line at a food truck, and also my wife got a picture with a local chapter of Proud Boys as well...it was a great time today. There weren't as many folks as last time, but it was still a large crowd.

▼ What's funny about the Proud Boys is that the news makes it out like these are some hardcore militia men. And some of them are. But a lot of them are essentially patriotic frat boys. One dude had on a Santa hat, another was dressed in a gorilla suit, etc. They look like a lot of fun to be around.
